The primary intent of the **Neighborhood Revitalization Act** is to provide communities with a long-term increase and stabilization in their property tax base by encouraging rehabilitation or new construction that might not otherwise occur.

DEFINITIONS:

1. WHAT IS THE NEIGHBORHOOD REVITALIZATION PLAN?

During the 1994 Legislative session, lawmakers passed Senate Bill 732, which provides tax rebates for new construction and the rehabilitation of existing structures. Each municipality must adopt a plan and designate an area in which they want to promote revitalization and development or redevelopment.

2. WHAT IS "TAX REBATE"?

It is a refund of property taxes which would otherwise be payable on the actual value added to a property due to a qualified improvement. The rebate only applies to the additional taxes resulting from the increase in assessed value of the property due to the improvement. Under the **Neighborhood Revitalization Plan**, the taxes relating to the assessed value on the property prior to the improvement may not be reduced and will continue to be payable.

3. WHAT IS "QUALIFIED IMPROVEMENT"?

Qualified improvement to a structure includes new construction, rehabilitation, and additions.

4. HOW IS "STRUCTURE" DEFINED?

"Structure" means any building, wall, or other structure, including the building and improvements to existing structures and fixtures assimilated to the real estate.

5. WHAT KIND OF "IMPROVEMENTS" WILL INCREASE THE ASSESSED VALUE?

New construction, additions, and major rehabilitation will increase the assessed value. Repairs generally will not increase the assessed value unless there are several major repairs completed at the same time.

6. HOW LONG DOES THE TAX REBATE RUN UNDER THE NEIGHBORHOOD REVITALIZATION PLAN?

The plan will become effective September 1, 2014 and be reevaluated in 2019. A property owner may apply for the tax rebate any time during the program. The length of the tax rebate may be for up to five(5) years, depending upon the amount of investment. Any application received by September 1, 2019 may receive a tax rebate.

7. CAN PROPERTY TAXES BE ELIMINATED USING THE TAX REBATE?

There will always be some taxes on property. Under the Neighborhood Revitalization Plan, the existing assessed value of the property and the resulting taxes prior to the improvements will continue.
